PROFESSIONAL SUMMARY

Front-End Development enthusiast with a strong foundation in HTML5, CSS3, JavaScript (ES6+), React.js and Bootstrap. Passionate about building responsive, accessible and user-friendly web applications through clean, maintainable code. Possesses strong analytical, problem-solving and communication skills, with a collaborative mindset and a keen eagerness to learn modern front-end technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Responsive Web Design, LESS/SASS

Programming Languages: Java, JavaScript

Tools: Git, VS Code

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

PROJECTS

Plant Disease Detection and Farming Assistance

React.js, HTML5, CSS3, JavaScript

- Developed a responsive web application for plant disease detection and farming assistance.
- Built an intuitive interface for uploading plant images and displaying disease information.
- Developed reusable React components with efficient state management to enhance user experience.
- Designed a responsive, accessible and mobile-friendly user interface following modern UI/UX principles.

Task Management Application

JavaScript, HTML5, CSS3, Local Storage

- Implemented full CRUD functionality enabling users to create, edit, delete and mark tasks as complete.
- Engineered task state using React state management for a smooth, real-time user experience.
- Integrated Local Storage to persist tasks across browser sessions without a backend.
- Designed a clean, responsive UI ensuring seamless usability across devices.

Expense Tracker Application

React.js, JavaScript, HTML5, CSS3, Local Storage

- Built a web application to track income and expenses with categorized transaction entries.
- Implemented dynamic balance calculation that updates in real time as transactions are added.
- Designed a dashboard summary view to visualize income, expenses and overall balance.
- Developed a responsive interface ensuring consistent experience across desktop and mobile.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science Engineering

2023 – 2027

Shri Ramswaroop Memorial College of Engineering and Management (SRMCEM), Lucknow

CGPA: 7.02 / 10

Intermediate (Class XII)

2022

Percentage: 94.5%

ACHIEVEMENTS

- Built responsive front-end applications using React.js.
- Solved DSA problems to strengthen problem-solving and algorithmic thinking.
- Strong understanding of responsive web development principles and best practices.
- Passionate about continuously learning modern front-end technologies.
